

SOME REGULARS ENJOYING THE MOTORBIKE ROUTES AROUND ANDORRA

Montane Summer Round Up

May / October
2018

Whats been happening this Summer?

So, Summer has been successful here in the mountains. We have been busy here at the hotel with some wonderful groups from all around Europe. The Swedish have been here enjoying the beautiful walks around the fantastic valleys here in Andorra. The Dutch and Belgians have been enjoying the scenery cruising around on their bus tours. The staff here at the hotel have been looking after them throughout their stays. Especially the kitchen preparing them pack lunches for their trips every day. We have also had many visitors from all over Spain and France and some as far as New Zealand and Iceland. All enjoying the many activities here in Andorra in the summer.

The weather has been great this summer. We have had some amazing thunderstorms in August however September has been glorious with sunshine. October has arrived, and we can now feel a chill in the air. As they say "Winter is Coming" but not too soon please!

The staff have also been enjoying the scenery and trying new walks and bike rides.

With the groups gone we are now getting involved in the La Massana Autumn Burners. This a special celebration of gastronomy in the La Massana area. From the 1st – 31st October here at the Xalet Montane Restaurant we will be offering a special menu.
